

11th Annual Dublin Girl Scouts School Supply Collection

Join Dublin Girl Scouts with a **School Supply Collection** during the last weeks of school.

We are Collecting New or Like New School Supplies

We are in particular need of Markers, Notebook Paper, Notebooks, Folders, Colored Pencils, Pens, Pencils, Erasers, Crayons, and Books for independent reading homework (K-8th grade level).

Please assist by asking your school principal for permission to place collection boxes in your school entry. Post this flier on the box. Please help advertise to your school community by creating fliers and asking for permission to place information on your school announcements or school emails to parents. Please collect the box on the last day of school and deliver to our collection point. This can also be an individual or troop project.

SCHOOL SUPPLY COLLECTION BENEFITS CMAA REFUGEE SERVICES

A refugee is someone who has been forced to flee his or her country because they are unsafe. They cannot return home. 51% are children. www.cmaarefugeeservices.com Originally founded by Cambodian refugees, the CMAA seeks to empower refugees of war to become independent, active members of the Columbus area community. They work in a small community center at a government-subsidized apartment complex of almost 380 refugee families from Somalia.
