

Introducing "ONE" a new Volunteer Development heart

You have your leadership heart, you have your first aid heart, you may even have your service unit and camp heart, but have you earned your "ONE" heart?

What is the "ONE" heart?

The "one" heart is a heart awarded to a current GSOH volunteer who brings in a new volunteer or donor to support the girls of Ohio's Heartland.

How do I earn the "ONE" heart?

Simply reach out to a new adult (someone who has never volunteered or donated to our organization before) and offer them the life changing opportunity to work with our wonderful girls, support our amazing adults or make a donation to our council.

How many "One" hearts can I earn?

You will earn a heart for each new volunteer or donor you engage annually. There is no limit!

How do I get my "One" heart?

When the new "volunteer" completes their application/background check and registration and starts their volunteer appointment or the new "donor" makes their donation simply email their name and your name and address to cmccaskey@gsoh. Your "One" heart will be on its way in a week to 10 days.

Why should I earn a "ONE" heart?

Volunteer and donor support is the foundation that makes Girl Scouts of Ohio's Heartland strong and creates the wonderful opportunities for girls. Earning a "ONE" heart is the next step in providing sustainable support for our girls for years to come.

So become part of this prestigious group. Earn your "ONE" heart today.
